Item 110
APPLICATION OF RULES TARIFF 100-A

Each provision of this Rules Tariff shall apply, as pertinent, to each transportation agreement entered into by Carrier, and each bill of lading issued by Carrier, unless expressly waived in a signed, written agreement.

Item 120
APPLICATION OF RATES & SCHEDULES

The rules published herein are applicable to all shipments transported by Carrier unless expressly waived in a signed bilateral contract pursuant to 49 U.S.C. § 14101(b). Rates and schedules may be published in rate catalogues, on a shipper-specific basis, or pursuant to a spot market rate quotation.

Rates and charges for shipments handled by Carrier are applicable on truckload or less-than-truckload shipments valued at $100,000 or less, consistently with Item 465 of this Tariff. Rates for shipments in excess of that value can be obtained in accordance with Item 405, with 72-hour

ISSUED & EFFECTIVE: APRIL 15, 2017
HEYL TRUCK LINES, INC.
220 NORKA DRIVE, AKRON, IA 51001
advance notice required for shipments having a value in excess of $250,000 (see Item 344). Except in strict compliance with Item 344, Carrier will not accept any shipment for transportation that exceeds Carrier’s current insurance coverage for cargo, however, shipper may limit Carrier’s liability to any amount equal to or below such insurance amount and the rate shall be determined according to the above-described valuation (if valued in excess of $100,000).

Commodity Rates – Whenever a commodity rate is published, it removes the application of any other rates on the same commodity. Specific point-to-point commodity rates take precedence over mileage rates.

Mileage Rates – Mileage will be computed on the total number of miles from initial point of origin to final destination via route of movement.

When mileage rate is based on cents per mile and exact mileage is not shown, apply rate per mile for the previously listed mileage at the actual mileage.

EXAMPLE:

<table>
<thead>
<tr>

</tr>
</thead>
<tbody>
<tr>
<td>1000</td>
<td>150</td>
</tr>
<tr>
<td>1500</td>
<td>145</td>
</tr>
</tbody>
</table>

If shipment moves a distance of 1300 miles, the rate is 150 cents per mile on 1300 miles.

Specific point-to-point commodity rates take precedence over mileage rates. Specific mileage rates take precedence over general mileage rates.

Item 130
BILLS OF LADING

The terms and conditions of the Standard Truckload Bill of Lading (text following) shall apply, notwithstanding the use by shipper of any other bill of lading or shipping document. Drivers are not authorized to bind Carrier to non-conforming bills of lading and execute bills of lading with alternative terms and conditions as receipts for the shipment only.

STANDARD TRUCKLOAD BILL OF LADING CONTRACT TERMS AND CONDITIONS

1. (a) The carrier or party in possession of any of the property herein described shall be liable as at common law for any loss thereof or damage thereto, except as hereinafter provided.

   (b) No carrier or party in possession of all or any of the property herein described shall be liable for any loss thereof or damage thereto or delay caused by the act of God, the public enemy, the authority of law, or the act or any default of the shipper or owner, or for natural shrinkage. Except in case of negligence of the carrier or party in possession (and the burden to prove freedom from such negligence shall be on the carrier or party in possession), the carrier shall not be liable for loss, damage, or delay occurring while the property is stopped and held in transit upon the request of the shipper, or resulting from a defect or vice in the property.

2. (a) No carrier is bound to transport said property in time for any particular market or otherwise than with reasonable dispatch. Every carrier shall have the right in case of physical necessity to forward said property by any carrier or route between the point of shipment and the point of destination.

   (b) In all cases not prohibited by law, where a lower value than actual value has been represented in writing by the shipper or has been agreed upon in writing as the released value of the property as determined by the classification or tariffs upon which the rate is based, such lower value plus freight charges if paid shall be the maximum amount to be recovered, whether or not such loss or damage occurs from negligence.

ISSUED & EFFECTIVE: APRIL 15, 2017
HEYL TRUCK LINES, INC.
220 NORKA DRIVE, AKRON, IA 51001
3.  (a) As a condition precedent to recovery, claims must be filed in writing with a participating carrier within nine months after delivery of the property or in the case of failure to make delivery within 9 months after a reasonable time for delivery has elapsed.

(b) Suits shall be instituted against any carrier only within two years and one day from the day when notice in writing is given by the carrier to the claimant that the carrier has disallowed the claim or any part or parts thereof specified in the notice. Where claims are not filed or suits are not instituted thereon in accordance with the foregoing provisions no carrier hereunder shall be liable, and such claims will not be paid.

(c) Any carrier or party liable on account of loss of or damage to any of said property shall have the full benefit of insurance that may have been effected upon or on account of said property, so far as this shall not avoid the policies or contracts of insurance: Provided, that the carrier reimburse the claimant for the premium paid thereon.

4.  (a) Property not accepted by the consignee, after notice of the arrival of the property at destination has been duly sent or given, may be kept subject to the tariff charge for storage and to carrier’s responsibility as warehouseman, only, or at the option of the carrier, may be stored in a public or licensed warehouse at the cost of the owner, and there held without liability on the part of the carrier, and subject to a lien for all freight and other lawful charges, including a reasonable charge for storage.

(b) Where nonperishable property is refused at destination by the consignee or where the consignee fails to receive it within 15 days after notice of arrival shall have been duly sent or given, the carrier may sell same at public auction to the highest bidder, at such place as may be designated by the carrier.

(c) Where perishable property which has been transported to destination and the consignee or party entitled to receive it has failed to receive it promptly, the carrier may, in its discretion, to prevent deterioration, sell same to the best advantage at private or public sale.

(d) Where the procedure provided for in the two paragraphs last preceding is not possible, it is agreed that nothing contained in said paragraphs shall be construed to abridge the right of the carrier at its option to sell the property under such circumstances and in such manner as may be authorized by law.

(e) The proceeds of any sale made under this section shall be applied by the carrier to the payment of freight, demurrage, storage, and any other lawful charges and the expense of notice, advertisement, sale, and other necessary expense and of caring for and maintaining the property, if proper care of the same requires special expense, and should there be a balance it shall be paid to the owner of the property sold hereunder.

5.  No carrier hereunder will carry or be liable in any way for any documents, specie, or for any articles of extraordinary value not specifically rated in the published classifications or tariffs unless a special agreement to do so and a stipulated value of the articles are indorsed hereon.

6.  Every party, whether principal or agent, shipping explosives or dangerous goods, without previous full written disclosure to the carrier of their nature, shall be liable for and indemnify the carrier against all loss or damage caused by such goods, and such goods may be warehoused at owner’s risk and expense or destroyed without compensation.

7.  (a) The consignor or consignee shall pay the freight and all other lawful charges accruing on said property. The consignor shall be liable for the freight and all other lawful charges unless the consignor stipulates, by signature, in the place provided for that purpose on the face of the bill of lading, the carrier shall not make delivery without requiring payment of such charges and the carrier, contrary to such stipulation, shall make delivery without requiring such payment.

(b) Consignee becomes liable for freight charges upon receipt unless the consignee is an agent only and has no beneficial title in said property; and prior to delivery has notified the delivering carrier of these facts.

(c) Nothing herein shall limit the right of the carrier to require at time of shipment the prepayment or guarantee of the charges. If upon inspection it is ascertained that the articles shipped are not those described in this bill of lading, the freight charges must be paid upon the articles actually shipped.

8.  If this bill of lading is issued on the order of the shipper, or his agent, in exchange or in substitution for another bill of lading, the shipper’s signature to the prior bill of lading as to the statement of value or otherwise, or election of common law or bill of lading liability, in or in connection with such prior bill of lading, shall be
considered a part of this bill of lading as fully as if the same were written or made in or in connection with this bill of lading.

9. (a) All surface transportation provided under this bill shall be subject to federal statute and common law otherwise applicable to regulate interstate shipments. U.S. statutes and regulations shall apply unless otherwise waived by signed written agreement.
   (b) If all or any part of said property is carried by water, and the loss, damage, or injury to the property occurs while it is in the custody of the carrier by water, the liability of such carrier shall be determined by the applicable bill of lading and under laws and regulations applicable to transportation by water.

Item 140
CANCELLING ORIGINAL AND REVISED PAGES, EXCEPT THE TITLE PAGE

When this Rules Tariff is formally amended by issuance of revised pages, the cancellation of prior pages will be effected by means of this Item. A revised page will not show a cancellation notice. Revisions of each page will be filed in numerical sequence. Except where a specific cancellation is shown on a new revised page, a revised page cancels any and all uncanceled revised or original pages, or uncanceled portions thereof, which bear the same page number. For Example: “1st Revised Page 10,” whether of general application or for the account of a particular shipper, will have the effect of cancelling Original Page 10.

Item 150
RATES IN UNITED STATES DOLLARS

Unless otherwise agreed in writing between the parties, all rates and charges, whether named herein or in contracts or other writings issued by Carrier, will be in U.S. Dollars (USD or US$) and payment must be made, and will be accepted by Carrier, only in such currency.

Item 160
DEFINITIONS

* Carrier shall mean HEYL TRUCK LINES, INC. (SCAC “HEYL”).
* A shipment is a tender of freight received from one consignor, at one time, at one place, destined to one consignee at one location, and covered by one bill of lading.
* Carrier shall be named on the bill of lading as the origin carrier of all shipments.
* Unless arranged or agreed upon in writing prior to shipment, Carrier is not bound to transport a shipment by a particular schedule or in time for a particular market, but is responsible to transport a shipment with reasonable dispatch, as that term is defined in common law. Carrier shall not be responsible for special or consequential damages resulting from delayed delivery.
* Spot rate shall mean a rate agreed upon by only shipper, or party responsible for payment of freight charges, and Carrier as applicable to a single shipment or, if in writing, a limited number of shipments representing a continuous number of shipments arranged at a single time with a single offer and a single acceptance.
* Truckload shall mean the minimum truckload weight per vehicle indicated in connection with rates named herein, or any contract or other writing issued by Carrier. It shall also be defined as any shipment using 16 or more pallets, except as otherwise provided.

---

**Item 170**
**MILEAGE GUIDE**

Where rates are set forth in cents per mile or other calculation based on mileage, distances shall be determined from origin to destination via intermediate points, as specified by the shipper, utilizing the most current version of **PCMiler Practical Route by ALK Associates**, unless the shipper and Carrier have mutually agreed to apply another governing publication.

---

**Item 180**
**NOTICES AND AMENDMENTS**

Upon written request, Carrier will provide its customers and shippers with copies of all applicable rules, tariffs, and rates. Current rules, tariff, and accessorial charges are available on Carrier’s website at:

[www.heylnet](http://www.heylnet)

and/or by contacting Alan L. Heyl, CEO, 220 Norka Drive, Akron, IA 51001. E-mail: alanl@heyl.net

---

**SECTION 2**
**SCOPE OF OPERATIONS**

---

**Item 200**
**APPOINTMENTS/PICKUP AND DELIVERY TIMES**

Carrier shall make a reasonable effort to schedule pickup and delivery appointments. Appointments shall be made at no charge. Consignee shall facilitate prompt unloading in the event of missed appointments. Carrier shall make every effort to communicate any late or missed appointments to the proper parties but in no way shall Carrier be liable for deductions off of Carrier’s freight bills for late or missed appointments.

---

**Item 205**
**COMMODITY AND MAXIMUM VALUE LIMITATIONS**

Carrier does not hold out to transport Objects D’art, Computers, Currency, Documents, Electronic Equipment, Firearms, Furs, Flowers, Garbage, Garments with Fur, Jewelry, Items of Unusual Value, Liquor (other than Beer), Live Lobsters, Rare Metals, Tobacco, Waste Products, or Anything Valued More Than $250,000 per Shipment. (Upon written notice from the shipper, Carrier may arrange for cargo insurance in excess of $250,000 per shipment, and the added or
incremental cost of that excess cargo insurance shall be billed to the shipper, over and above any other applicable rates and charges. See Item 344.)

---

**Item 210**

**IMPORT AND EXPORT FREIGHT (Including Mexico & Canada)**

All freight charges on shipments for export must be prepaid. All freight charges on import shipments, with charges billed to third party, when so stated on the inland Bill of Lading and when such third party is located in the United States, may be accepted on freight collect. Pier loading or unloading charges will be billed to the party responsible for freight charges with an additional fee of $25.

Carrier does not accept liability for loss or damage to shipments under transport in the Republic of Mexico. Carrier participates in international shipments originating or destined to Mexico on a combination of rates basis notwithstanding any arrangements for through trailer movements. Shippers are advised that liability for cargo loss in the Republic of Mexico differs from U.S. law (49 U.S.C. § 14706), and the special arrangements with the Mexican carrier participating in any trans-border movement are not the Carrier’s responsibility.

**Limitation of Carrier’s Liability for Proper Customs Clearance** – Carrier assumes no responsibility for insuring or otherwise providing for clearance of merchandise through or inspection by Mexican or Canadian Customs. Carrier does not represent and specifically disclaims any knowledge or expertise in property customs clearance and inspection matters. Carrier is not responsible for the acts or omissions of the Mexican or the Canadian Customs Agent or its affiliated Freight Forwarder that may be selected for the purpose of clearing shipper’s merchandise through Customs. Carrier will serve merely as a liaison between shipper and the Mexican or Canadian Customs Agent (and the Custom’s Agent Freight Forwarder) at shipper’s request and only as a convenience to shipper. Carrier or party in possession shall not be liable for loss, damage, deterioration of the freight or delay in delivery due to the duration of the period required by customs clearance or inspection.

**Trailer Rental – Mexican Shipments.** The charge for trailer rental on shipments destined for Mexico will be $250.00 per day from the time of interchange at the U.S./Mexican border until returned. The calculation of time starts when shipments are tendered to the forwarding agent.

Carrier assumes no cargo loss responsibility for shortage or damage to shipments while in the Republic of Mexico. Clear bills of lading showing safe and damage-free delivery between the U.S./Mexican borders at the pickup or delivery points in the U.S. shall be evidence of Carrier’s proper discharge of its responsibility as to the cargo.

---

**Item 215**

**IMPRactical OPERATIONS**

Nothing in this tariff shall require the carrier to perform pick-up or delivery service at any location from or to which it is impracticable, through no fault or neglect of the carrier to operate vehicles because of:
* The condition of roads, streets, driveways, or alleys; or
* Inadequate loading or unloading facilities; or
* Riots, Acts of God, the public enemy, the authority of law, strikes, labor unrest, the existence of violence, or such possible disturbances as to create reasonable apprehension of danger to person or property.

Item 220
INTERMODAL SHIPMENTS

Carrier does not participate in the Uniform Intermodal Interchange Agreement (UIIA).

Item 225
INTERSTATE VERSUS INTRASTATE

The rules set forth in this Tariff shall apply to all shipments handled by Carrier regardless of the origin or destination.

Item 230
LESS THAN TRUCKLOAD SERVICE REQUIREMENT

Carrier’s service on behalf of shipper on less than truckload shipments may be co-loaded with other shipper’s lading for Carrier’s convenience. Shipments weighing 25,000 pounds or more, or shipments loaded on 16 pallets or more shall be rated as a truckload and not less than truckload.

Item 235
OVERFLOW SHIPMENTS

Carrier does not honor overflow shipments. If the shipment does not fit in Carrier’s equipment, whatever is left behind shall be rated as a separate shipment.

Item 240
PICKUP AND DELIVERY SERVICE

Rates named herein (or in any contract or other writing issued by Carrier) include pickup or delivery at all points within the limits of cities, towns, villages and other points from and to which rates apply, but each shipment will include only one pickup and one delivery.

Item 245
REGULATED VERSUS EXEMPT

These rules apply to shipments exempt from economic regulation as well as shipments subject to the regulatory jurisdiction of the FMCSA. Carrier’s liability for loss, damage and delay shall be governed by 49 U.S.C. § 14706 (the Carmack Amendment). Carrier’s liability not otherwise governed by the Carmack Amendment shall extend only to the extent of Carrier’s negligence.
Item 250
SCHEDULE TIME

Carrier is not bound to transport property in any particular vehicle in time for any particular market or markets other than to transport merchandise with reasonable dispatch. See Item 200 for rules on pickup or delivery appointment times.

Item 255
SHIPPER LOAD AND COUNT

All shipments shall be loaded by the consignor and unloaded by the consignee. Carrier’s drivers are instructed to sign bills of lading as shipper load and count or SLC (Shipper’s Load & Count). Inadvertent omission of this notation shall not result in a presumption of Carrier’s liability for shortage or damage (in the absence of upset or accident) where the driver was either not present or not allowed to observe the loading and unloading.

Item 260
SUBSTITUTED SERVICE

For operating convenience, Carrier reserves the right to hire other qualified carriers as subcontractors to provide all or part of given movements. Carrier agrees to protect the rates set forth herein when substituted services are provided and warrants that all terms, conditions, duties and obligations owed to shipper by this Tariff, bill of lading, and/or contract will be provided.

Item 265
TENDERED AS TRUCKLOAD

Except on shipments for which exclusive use of vehicle is requested, when a shipment is tendered to Carrier as a truckload, the applicable truckload rate will apply and the truckload rate will not alternate with less than truckload rate. Such shipments will be entitled to privileges afforded in rules and regulations pertaining to truckload shipments and will not be governed by rules and regulations pertaining to less than truckload shipments.

When shipment is tendered to Carrier and a shipment has begun its movement to destination, a corrected Bill of Lading will not be accepted to remove the truckload application. Charges on shipments moving under provisions of this item must be prepaid or guaranteed by the consignor and the non-recourse stipulation on the Bill of Lading may not be executed.

Item 270
TERRITORIAL SCOPE

Carrier is authorized by the Federal Motor Carrier Safety Administration (FMCSA) in Docket No. MC-133119 to transport General Commodities (except Class A and B explosives, household goods, and commodities in bulk) between points in the United States. Carrier also holds
operating rights or authority in several Canadian provinces. This Tariff is intended to apply to all authorized movements under such operating authorities.

**Item 275**
**VEHICLES LOADED TO FULL VISUAL CAPACITY**

When a trailer 48’ or more in length is loaded to capacity, charges shall be at the applicable truckload rate at the actual weight but not less than the minimum truckload weight.

Except as otherwise provided, any shipment loaded on 16 or more pallets will be considered loaded to full visible capacity and the truckload rate will apply. When a shipment exceeds the capacity of a trailer 48’ or more in length, the excess weight will be charged for as a separated truckload shipment.

**Item 280**
**WEIGHT LIMITATIONS**

Carrier shall not be required to accept for transportation any truckload shipment which exceeds 44,000 pounds, or which occupies more than the full visible capacity of the trailer which is provided, or which exceeds the legal weight limit. See Item 235 regarding Overflows.

**SECTION 3**
**ACCESSORIAL CHARGES**

**Item 300**
**ACCESSORIAL CHARGES, APPLICATION OF**

In addition to the line haul or base rate for any shipment and unless otherwise agreed in writing, accessorial charges in this section shall apply and shall be reflected on the Carrier’s invoice for services rendered.

**Item 304**
**ADDITIONAL LICENSE, PERMIT FEES, AND INBOND PERMITS**

Whenever any additional license or permits are required, such as but not limited to, foreign commerce or customs fees, the charges for same shall be added to the freight invoice. Shipments moving under U.S. Customs Bond will be subject to a charge of $150.00 for handling such shipment.

**Item 308**
**COLLECT-ON-DELIVERY**

Carrier does not hold out to provide a collect-on-delivery service. Carrier’s drivers are not authorized to accept or issue bills of lading requiring the consignee to pay the driver in cash or...
by check for the goods transported as a precondition of delivery except as set forth below. If a collect-on-delivery shipment is inadvertently accepted and delivered otherwise than as set forth below without obtaining payment or if payment is stopped on uncertified funds, shipper’s sole recourse shall be to the consignee. C.O.D. shipments will be handled when carrier has received both verbal and written communication from the party requesting the C.O.D. and when the amount to be collected is indicated in bold figures and in plain sight on the body of the Bill of Lading to the following extent: “Collect on Delivery $________ and remit to __________ Street/City/State/Zip ______________.”

Only cash, certified check, money order, or bank cashier’s check will be accepted unless specifically authorized in writing by shipper.

C.O.D. collections will be remitted to consignor or to other persons designated by the consignor within fifteen (15) days after collection. Charges for collecting and remitting will be billed to the shipper. In the event that freight charges and/or C.O.D. fee are also to be collected upon delivery, such request must be in writing by shipper at the time of notification of the C.O.D. itself. When this occurs, carrier will collect its freight charges and C.O.D. fee at time of delivery. However, in the event that consignee does not pay carrier at time of delivery, Carrier shall not be responsible for the C.O.D., will not deliver the shipment, and will apply re-deliver charges.

Item 312
DETENTION – VEHICLES WITH DRIVER AND POWER UNIT

This item applies on shipments when the Carrier’s vehicles with driver and power units are delayed or detained beyond the free time provided for herein at time of delivery to the consignee or at time of pick-up at the consignor’s place of business when such delay is not the fault of Carrier.

Allowable Free Time:
Carrier shall allow one (1) hour of free time on LTL (less than truckload) rated shipments and two (2) hours of free time on Truckload rated shipments both for loading and unloading for vehicles with power units and drivers.

When computing time, the beginning time shall be the time the driver notifies the shipper or consignee of driver’s arrival and that the trailer is available for loading or unloading, as the case may be, but in no case shall time commence prior to the time of any appointment or the actual time of loading or unloading, whichever is first. The ending time shall be the time loading or unloading, as the case may be, has been completed and paperwork has been signed.
When the delay is beyond the allowable free time, the charge will be $35.00 for each 30-minute period or fraction thereof. Charges for detention will be charged to the party responsible for payment of freight charges.

---

**Item 316**
**DETENTION – VEHICLE WITHOUT POWER UNITS**

This item applies when Carrier spots a trailer at the facilities of the shipper or consignee for the loading or unloading of shipments upon the request of shipper, but this item nor detention under any other term or condition shall apply if the Carrier spots the trailer for Carrier’s convenience with or without the authorization of shipper or consignee.

**Allowable Free Time:**
The day of spotting will be free time. After expiration of free time, charges for delaying the trailer beyond free time shall be $250.00 per 24-hour period or fraction thereof.

---

**Item 320**
**EMPTY MILES AT SHIPPER’S CONVENIENCE**

When Carrier agrees to relocate revenue equipment at the request of consignor or consignee for shipper’s or consignee’s convenience, a charge of $2.50 per mile (plus FSC) will be billable to the consignor or consignee making the request. Empty miles will be calculated from empty equipment origin to point of equipment utilization based upon the applicable mileage guide.

---

**Item 324**
**EQUIPMENT ORDERED BUT NOT USED**

When Carrier is requested to perform transportation service and dispatches equipment to a point designated in accordance with the instructions of the party ordering the equipment, and instructions to Carrier are later changed after the equipment has been dispatched and the equipment is not used due to no fault of Carrier, a charge of $2.50 per mile (plus FSC) subject to a minimum charge of $300 will be made for the empty miles traveled in connection with the equipment ordered and not used. Invoice covering charge will indicate origin from which equipment was dispatched.

---

**Item 328**
**EXCLUSIVE USE FOR EXPEDITED SERVICE**

Carrier is not bound to transport property in any particular vehicle in time for any particular market other than to transport shipments with reasonable dispatch. Carrier is not responsible for any loss incurred as a result of special or consequential damages. Unless the shipper makes arrangements for team drivers, special relays or expedited service, truckload shipments will be transported from origin to destination by a single driver, and in compliance with the applicable U.S. Department of Transportation hours-of-service requirements.
Upon demand by consignor or consignee, the exclusive use of a vehicle for expedited service will be assigned to the transportation of a shipment subject to the following conditions:

a) Only one vehicle per shipment will be furnished except that if quantity of freight tendered exceeds the loading capacity of the vehicle furnished, the excess will be loaded in a separate vehicle or vehicles, in which case the charges provided herein apply to each vehicle used in the shipment.

b) The demand must be given in writing, attached and referred to, or inserted in the Bill of Lading.

c) The vehicle will be devoted exclusively to the transportation of the shipment without transfer of lading and without the breaking of seals, if any have been applied, except in cases of emergency when the shipment will be given the exclusive use of the vehicle to which it is transferred.

d) An additional charge of 20% of the line haul rate will be assessed on line haul charges only to the party making the request. The bill of lading must be noted: “Carrier requested to provide expedited or team service.” These charges will be in addition to all other applicable charges.

e) Charges on shipments moving under the provisions of this part are to be paid or guaranteed by the party requesting the service and the non-recourse clause on the bill of lading may not be executed.

Item 332
FUEL SURCHARGE (Line Haul)

Except as otherwise provided, a Fuel Surcharge (FSC) shall be billed to the party responsible for payment of freight charges on each shipment in addition to all other charges. The average price of fuel is announced weekly by the Department of Energy’s Diesel Fuel Hotline (202-586-6966). The fuel surcharge is based on cents per mile (total shipment miles via route of movement) using the same mileage software as the shipment’s current line-haul rates on truckload rated shipments, and a percentage of fuel consuming revenue on less than truckload shipments. Applicable surcharges on line-haul revenues shall be as follows:

[ Table continues on following page 19 ]
Item 333
FUEL SURCHARGE (Reefer and Continuous Reefer Use)

Carrier’s use of mechanically refrigerated equipment for transportation needs will result in a Reefer Fuel Surcharge (RFSC) being billed to the party responsible for payment of freight charges on each shipment in addition to all other charges, including FSC arising under Item 332. Apply table appearing in this Item 333. If “continuous reefer use” is requested, the “reefer upcharge” indicated following will be doubled for each increment:

Any such alternative rate shall be reflected by the insertion of the higher released value and Carrier’s specially assigned identification number on the bill of lading at the time of pickup.

Item 410
APPLICATION OF CARGO CLAIMS

The provisions of this Tariff are filed in compliance with Federal Claim, Loss and Damage Regulations (49 CFR 370 and the STBOL), which regulations govern the investigation and disposition of claims for loss, damage, or delay to property transported or accepted for transportation in interstate or foreign commerce.
Item 415

(a) Whenever property transported by Carrier is damaged or alleged to be damaged and is, as a consequence thereof, not delivered or is rejected or refused upon tender thereof to the owner, consignee, or person entitled to receive such property, Carrier, after giving due notice, wherever practicable to do so, to the owner and other parties that may have an interest therein, and unless advised to the contrary after giving such notice, shall undertake to sell or dispose of such property directly or by the employment of a competent salvage agent. Carrier shall only dispose of the property in a manner that will fairly and equally protect the best interests of all persons having an interest thereon. Carrier shall make an itemized record sufficient to identify the property involved so as to be able to correlate it to the shipment or transportation involved, and claim, if any, filed thereon. Carrier shall also assign to each lot of such property a successive lot number and note that lot number on its record of shipment and claim, if any claim is filed thereon.

(b) Whenever disposition of salvage material of goods shall be made directly to an agent or employee of Carrier or through a salvage agent or company in which Carrier or one or more of its directors, officers, or managers has any interest, financial or otherwise, Carrier’s salvage records shall fully reflect the particulars of each such transaction or relationship, or both, as the case may be.

(c) Upon receipt of a shipment on which salvage has been processed in the manner herein before prescribed, Carrier shall record on its claim file thereon the lot number assigned, the amount of money recovered, if any, from the disposition of such property, and the date of transmittal of such money to the person or persons lawfully entitled to receive the same.

Item 420
DISPOSITION OF CARGO CLAIMS

Carrier shall pay, decline, or make a firm compromise settlement offer in writing to the claimant within one hundred twenty (120) days after receipt of the claim by Carrier; provided, however, that if the claim cannot be processed and disposed of within 120 days, after expiration of each succeeding sixty (60) day period while the claim remains pending, Carrier shall advise the claimant in writing of the status of the claim and the reason for delay in making final disposition thereof and it shall retain a copy of each such advice to the claimant in its claim file thereon.

Item 425
DISPOSITION OF CONTESTED CARGO CLAIMS

Unless the parties agree to voluntary alternative dispute resolution, disputed claims will be subject to 49 U.S.C. § 14706 (the Carmack Amendment), and subject also to any applicable released values. Claimant waives any right to setoff or offset of contested and unliquidated cargo claims against freight charges otherwise due to Carrier as a precondition of service. Claimants
agree to forfeiture of any contested claim asserted by it as a setoff after notice and demand for freight charges.

**Item 430**
**DISPOSITION OF OVERAGE**

Consignee shall accept overages in fulfillment of its duty to mitigate damages. Overages will be returned to the consignee or shipper by Carrier upon request in return for payment of Carrier’s applicable freight charges.

In the event consignor and consignee decline to accept overages and mitigate damages, Carrier shall treat any overage as salvage and after notice shall sell same in accordance with the bill of lading contract and the terms of this Tariff. The proceeds of any such sale less Carrier’s freight and storage charges shall be remitted to the person or persons lawfully entitled to receive same.

Carrier shall not be liable for any difference between the sales price of overage and the destination market value where either shipper or consignee declines to mitigate damages.

**Item 435**
**FILING OF CLAIMS**

Claims in writing are required within nine (9) months from the date of delivery or a reasonable time during which delivery should have been accomplished. A claim for loss, damage, injury or delay to cargo shall not be voluntarily paid by Carrier unless filed in writing, as provided in subparagraph (b) of this item with Carrier within the specified time limits applicable thereto and as otherwise may be required by law, the terms of the bill of lading or other contract of carriage, and all provisions of this Tariff applicable thereto. Claims for concealed damages will be submitted to Carrier within forty-eight (48) hours of delivery. Any suit to recover loss of damage or delay to cargo must be instituted no later than two (2) years and one (1) day after the claim is denied.

_Minimum filing requirements._ A communication in writing from a claimant, filed with Carrier within the time limits specified in the bill of lading or contract of carriage or applicable contract between Carrier and shipper and (1) containing facts sufficient to identify the shipment (or shipments) of property involved; (2) asserting liability for alleged loss, damage, injury or delay; and (3) making claims for the payment of a specified or determinable amount of money, shall be considered as sufficient compliance with the provisions for filing claims embraced in the bill of lading, contract of carriage or applicable contract between Carrier and shipper.

Documents not constituting claims such as bad order reports, appraisal reports of damage, notations of shortages or damage, or both, on freight bills, delivery receipts, or other documents, or inspection reports issued by shipper or its inspection agency, whether the extent of loss of damage is indicated in dollars and cents or otherwise shall, standing alone, not be considered by Carrier as sufficient to comply with the minimum claim filing requirements specified above.
Claims filed for uncertain amounts. Whenever a claim is presented against Carrier for an uncertain amount such as dollar amount “more or less,” Carrier shall determine the condition of the shipment involved at the time of delivery; whether or not it was delivered; and shall ascertain as nearly as possible the extent, if any, of the loss or damage for which it may be responsible. It shall not, however, voluntarily pay a claim under such circumstances unless and until a formal claim in writing for a specified or determinable amount of money shall have been filed in accordance with the provisions of subparagraph (b) above.

Item 440
INADVERTENCE CLAUSE

If the shipper declares a value exceeding $2.25 per pound, per article, or, in the alternative, $100,000.00 per truckload, without insertion of the Carrier’s corresponding, specially assigned identification number, the shipment will not be accepted, but if the shipment is inadvertently accepted, it will be considered as being released to a value of $2.25 per pound, per article, or $100,000.00 per truckload, whichever is less, and the shipment will move subject to such limitation of liability.

Item 444
INSPECTION OF EQUIPMENT

Shippers subject to the provisions of SFTA and FSMA must provide Carrier with written policies and procedures of any specific requirements for proper handling, protection and transporting of goods. A pre-loading inspection should be conducted to ensure Carrier’s trailer and any furnished instrumentalities are in acceptable sanitary condition, and if taking exception thereto, shipper must reject and notify Carrier of rejection. If rejected on such grounds and not promptly remedied by Carrier, charges for “ordered but not used” (Item 324) shall not apply.

Item 445
INVESTIGATION OF CLAIMS

Prompt investigation – Each claim filed against Carrier in the manner prescribed herein shall be promptly and thoroughly investigated if investigation has not already been made prior to receipt of the claim. Unless perishable commodities are involved, the shipper or consignee in possession shall afford Carrier five (5) days to inspect any damaged shipment prior to dispensation.

Supporting documents – When necessary part of any investigation, each claim shall be supported by the original bill of lading, evidence of the freight charges, if any, and either the original invoice containing invoice value, a photographic copy of the claim to be true and correct with respect to the property and value invoiced in the claim; or certification of prices or values with trade or other discounts, allowances or deductions of any nature whatsoever and the terms thereof, or depreciation reflected thereon; provided, however, that where the property shows on the bill of lading or where the invoice does not show price or value, or where the property involved has not been sold, or where the property has been transferred at bookkeeping values only, Carrier shall, before voluntarily paying a claim thereon, require the claimant to establish
the destination value in the quantity shipped, transported, or involved and certify the correctness thereof in writing or show an alternative applicable value arising by reason of alternatively applicable contract terms.

Verification of loss – A prerequisite to the voluntary payment by Carrier of a claim for loss of an entire package or an entire shipment shall be the security by it of a certified statement in writing from the consignee of the shipment involved that the property for which the claim is filed has not been received from any other source.

**Item 450**

**LIMITATION OF CARRIER LIABILITY**

Carrier will not be liable to the owner of property for loss or delay caused by (1) an act of default of the shipper, owner or consignee; (2) an Act of God, the public enemy, authority of law, quarantine, embargo, riot, strike, perils of navigation, or hazard and danger incident to a state of ware; and (3) freezing or spoiling of any perishable goods or property or for natural shrinkage. Carrier shall not be liable for any special, incidental, indirect or consequential damages (Including without limitation lost profits or business opportunity) or punitive or exemplary damages incurred or suffered by the shipper as a result of overage, shortage or damage to shipments transported.

---

**Item 455**

**PACKING REQUIREMENTS**

Commodities must be in packages affording reasonable and proper protection of contents. Shipments will not be accepted for transportation when in the Carrier’s judgment packaging will not permit safe and sanitary transportation. Carrier is not responsible for failure of packaging under usual conditions, hazards and risks of handling and transportation.

---

**Item 460**

**PACKING OR PACKAGING – SHORTAGE**

Carrier will not be responsible for shortage on shipments that are banded, strapped, netted, shrink-wrapped or otherwise secured to bins, pallets, platforms or skids, when such securing material is found to be intact at the time of unloading by consignee. Carrier will only be responsible for the number of bins, pallets, platforms or skids on such shipments.

---

**Item 465**

**RELEASED VALUATION/SIMPLIFIED PRICING**

Unless otherwise agreed in writing, all shipments handled by Carrier are rated as Freight-All-Kinds for named customers and are subject to a maximum cargo liability of $2.25 per pound, per article, or $100,000.00 per truckload shipment, whichever amount is less. See also, Items 120, 405, and 440.
Item 470
SPECIAL AND CONSEQUENTIAL DAMAGES

Carrier shall not be liable for special, incidental, indirect or consequential damages (including without limitation, lost profits or business opportunity, or punitive and exemplary damages) incurred or suffered by the shipper as a result of shortage, damage or delay.

Item 475
SPOTTED EQUIPMENT

Carrier responsibility for cargo begins when carrier picks up a shipment from the shipper’s dock, or in the case of spotted equipment, when Carrier takes physical possession of the loaded trailer. Carrier’s responsibility ends when the shipment is delivered or in the case of spotted equipment, when the loaded trailer is placed in the consignee’s premises for its unloading convenience.

Item 480
TEMPERATURE-CONTROLLED SHIPMENTS

This provision applies on both regulated and exempt shipments requiring temperature-controlled service in interstate, intrastate, and international commerce.

Except as otherwise provided, Carrier will provide adequate protection from heat or cold during the course of transportation when requested to do so in writing and so noted on the bill of lading. Commodities will be transported and maintained at a temperature, which is no higher than the temperature of commodities at the time they are accepted by the Carrier but in no case shall Carrier be responsible for maintaining temperature below zero degrees Fahrenheit.

When Carrier is requested to provide lower temperature than that provided in the above paragraph, Carrier will make a reasonable effort to do so but in no case does carrier guarantee to reduce or provide a temperature other than provided as set forth above.

Where perishable commodities are transported, Carrier will not be responsible for any claims unless Carrier is notified at time of delivery. In no case shall Carrier be responsible for damage to product when Carrier accepts a shipment as a unit (master cases, unitized, or palletized shipments, etc.) when damage is not outwardly detectable.

* Notice of Temperature Control – Customers shall provide Carrier written notice of any temperature control requirements at the time the load is booked. Customer shall specify a range of temperatures of not less than 10 degrees Fahrenheit, which must also be communicated to the driver at the time of pickup and noted on the bill of lading by the consignor.

* Pre-cooled Requirements for Shipment – Consignors warrant that all temperature-controlled shipments have been properly pre-cooled to the appropriate temperature for transportation as shown on the bill of lading prior to tender. Mechanical refrigeration units on trailers are capable of maintaining normal temperatures during transit but are not intended to raise or lower the temperature of shipments.
Cleanliness Requirements – Consistent with applicable FDA rules, and provisions of FSMA and SFTA, shippers must follow their own established written policies and procedures, and undertake pre-loading inspection to ensure Carrier’s trailer is in an appropriate state of cleanliness and sanitary for shipper’s goods. If taking exception, shippers must reject and notify Carrier of the fact of rejection.

Consignee Duty Upon Delivery – The consignee shall accept delivery of all undamaged products and shall immediately remove all shipments to appropriate temperature-controlled storage areas. In the event of temperature damage noted at time of delivery, consignee shall (1) make appropriate exceptions on the delivery receipt; (2) segregate and protect the damaged product, providing immediate notification to Carrier; (3) make arrangements for USDA and/or Carrier inspection; and (4) follow salvage procedures as otherwise specified. Each consignee shall accept the common law duty to mitigate damages.

Temperature Recording Devices – Shippers may include temperature-recording devices with lading, when such, by name and number, are noted on the bill of lading and appropriately secured.

Presumption of Temperature Damage – Evidence of damage due to temperature discrepancies, compared to the bill of lading’s direction, when duly noted at time of delivery and coupled with evidence of tender in good order, shall create a rebuttable presumption of Carrier’s liability. This presumption may be rebutted by inclusive evidence showing proper temperature maintenance during transit.

Reasonable Dispatch – Carrier shall transport all shipments in accordance with reasonable dispatch as defined in paragraph 2 of the uniform straight bill of lading. Carrier otherwise makes no guarantee as to delivery date or time, as transit times are subject to weather, road conditions, other circumstances beyond Carrier’s direct control, and Carrier is obliged to conduct operations in accordance with governing law.

SECTION 5
COLLECTION AND PAYMENT OF FREIGHT CHARGES

Item 500
COLLECTION AND PAYMENT OF CHARGES

Except as otherwise provided in this rule, transportation charges will be collected by Carrier at the time shipments are delivered. Upon taking precautions deemed by Carrier to be sufficient to assure payment of charges within the credit period herein specified, Carrier shall make delivery of freight in advance of the payment of charges thereon and will extend credit in the amount of such charges to those who undertake to pay them for a period of thirty (30) days, or as otherwise agreed to with shipper in writing, excluding Sundays and legal holidays, from the presentation of the freight bill.
**Item 510**

**DISPOSITION OF FRACTIONS**

To dispose of fractions in computing the freight charges on a shipment, omit fractions of less than one-half of one cent, and increase to the next whole figure fractions of one-half of one cent or greater.

---

**Item 520**

**INTEREST AND FEES ON PAST DUE ACCOUNTS**

Carrier will assess one and one-half percent (1.5%) per month on past due indebtedness for collection, handing, late fees and interest. In the event Carrier deems it necessary to retain the services of legal counsel to collect any outstanding indebtedness, the shipper additionally shall pay attorneys’ fees in the amount of $300.00 or twenty-five percent (25.0%) of the unpaid account balances, whichever sum is greater.

---

**Item 530**

**INVOICES**

Carrier shall submit an invoice to the specified party in accordance with the requirements of Federal regulations governing regulated transportation. Carrier will retain delivery receipts and proofs of delivery, which will be provided upon specific request in accordance with the provisions of this Tariff.

---

**Item 540**

**LIEN FOR FREIGHT CHARGES**

Carrier shall have a possessory lien on shipments in its dominion and control for the payment of freight charges, both past and present.

---

**Item 550**

**PAYMENT WITHOUT OFFSET**

Consignor and/or Consignee shall pay all freight charges when due without offset for any cause, including but not limited to, cargo claims. Claims for loss or damage shall be governed by this Tariff and neither consignor nor consignee shall deprive Carrier of proper cargo insurance adjustment by unilateral deduction of claims from payment of freight charges due.
**Item 560
PRIORITY OF FREIGHT CHARGE OBLIGATION**

When arrangements are made with intermediaries for transportation services provided by Carrier and the intermediary in turn bills the shipper or beneficial owner of the goods for freight charges inclusive of Carrier’s rates, the following rules shall apply:

* The intermediary will segregate money due owing to Carrier from other accounts.
* Intermediary will pay Carrier without offset from funds received and shall not co-mingle, pledge, encumber or hypothecate funds received by it intended for payment of freight charges to Carrier.
* When the arranger of transportation is a carrier or freight forwarder, a constructive interline trust shall apply.
* When the arranger of transportation is a property broker, the regulations set forth at 49 CFR 371 shall apply and monies received by the broker shall be segregated from its other assets and liabilities.
* In no event shall accounts receivable pledge or encumber by any intermediary be inclusive of freight charges billed by it to the extent those freight charges are due and owing to Carrier.
* Carrier preserves recourse for payment of all freight charges to the consignor, unless Section 7 of the STBOL is signed, and to the consignee unless prior notice is given that the consignee is not to be responsible for freight charges in accordance with Section 7 of the STBOL.

**Item 570
THIRD PARTY BILLING**

When a party other than the consignor or consignee on the Bill of Lading is responsible for paying the freight charges, the name and address of such third party must be placed on the bill of lading by the consignor at time of shipment, except as otherwise provided in paragraph 3.

When consignor requests Carrier to bill a third party, the shipment must be prepaid and payment of charges is guaranteed by the consignor and the consignee if the third party fails to pay such charges within the time allowed under applicable credit regulations. Any such shipments will not be accepted if the consignor executes a non-recourse provision of the bill of lading.

When consignor or consignee instructs the Carrier to bill freight charge to a third party and such information is not shown on bill of lading at time of shipment, an additional charge of $25 will be assessed for a new billing in addition to all other applicable charges to be assessed against the party billed for freight charges. This paragraph will not apply on export shipments.

Carrier will invoice the shipper’s broker, bank or other agent for freight charges. Carrier reserves the right to bill and collect freight charges from the shipper on prepaid shipments or the consignee on collect shipments in the event full payment of freight charges is not received pursuant to third party billing.
A shipment in which charges are to be paid by a party other than the consignor or consignee will be accepted provided recourse to the consignor is preserved with Carrier picking the shipment up at origin. The consignor and consignee guarantee to pay the charges if the third party fails to do so in the time allotted under the applicable credit regulations. Any such shipment will not be accepted if the consignor executes a non-recourse provision of the bill of lading.
